

Gray Davis, Governor

STATE CLEARINGHOUSE

NEWSLETTER

JULY 16 through 31, 2000

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **July 16 through 31, 2000**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte and Karen Fowler (for projects in Northern California)
Scott Morgan and Rob Hill (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 1999 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Federal Notices

Intergovernmental Review Notices (July 16th – 31st, 2000)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

AGENCY: Federal Energy Regulatory Commission

CONTACT: Peter J. McGovern

TELEPHONE: n/a

ADDRESS: Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

DESCRIPTION:

The California Department of Water Resources, licensee for the California Aqueduct Project, has requested a second extension of time to comply with condition 8 of the Order Modifying and Approving Biological Opinion Implementation Plan, issued December 4, 1995. The licensee states that its consultation with the Predatory Bird Research Group needs additional time to complete the report, and offers a reason in support of the requested extension of time that is legitimate and justifies the extension.

COMMENT BY: August 13, 2000

AGENCY: Federal Energy Regulatory Commission

CONTACT: David P. Boegers

TELEPHONE: n/a

ADDRESS: Federal Energy Regulatory Commission
Office of Energy Projects
Division of Environmental and Engineering Review
888 First Street, N.E.
Washington, D.C. 20426

DESCRIPTION:

In accordance with the National Environmental Policy Act of 1969 and the Commission's regulations, the Office of Energy Projects has prepared a

final environmental assessment (FEA) in support of Commission action on a proposed license amendment for the El Dorado Project, located on the South Fork of the American River. The proposed amendment would allow the reconstruction of the project's diversion dam and construction of a two-mile-long tunnel to bypass a section of the project's canal that is damaged and/or situated on unstable slopes. The FEA finds that approval of the proposed amendment, with staff's recommended mitigation measures, would not constitute a major federal action significantly affecting the quality of the human environment.

AGENCY: Federal Energy Regulatory Commission

CONTACT: Hossein Ildari

TELEPHONE: n/a

ADDRESS: Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

DESCRIPTION:

The Sacramento Municipal Utility District (SMUD), licensee for the Upper American River Project, notified the Commission of the completion of a generating unit upgrade, and requested an extension of time to comply with ordering paragraph (D) of the October 26 Order Amending License. The Director has ordered Article 46 of the license to be revised, and has extended the deadline to comply with paragraph (D) of the Commission's Order Amended License is extended to October 26, 2001.

COMMENT BY: n/a

AGENCY: Federal Energy Regulatory Commission

CONTACT: Mohamad Fayyad

TELEPHONE: n/a

ADDRESS: Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

DESCRIPTION:

Pacific Gas and Electric Company (PG&E), licensee for the Rock Creek and Cresta Dams Project, FERC No. 1962, filed revised exhibits L-1B and L-3A drawings on April 3, 2000. The drawings adequately show the as built configuration of the improvements made during the 1999 Drum Gates Improvements Project. The drawings conform to the Commission's rules and regulations and are approved. An order issued July 20, 2000 requires the licensee to file microfilm copies of the approved drawings.

COMMENT BY: August 20, 2000

AGENCY: Fresno County Housing and Community Development

CONTACT: Theresa Acosta-Mena

TELEPHONE: (559) 262-4270

ADDRESS: 2220 Tulare Street, 6th Floor
Fresno, CA 93721

DESCRIPTION:

On or about August 11, 2000, Fresno County will submit a request to the U.S. Department of Housing & Urban Development (HUD) for the release of HOME program funds under the Cranston-Gonzalez National Affordable Housing Act (NAHA), as amended, to undertake the Clovis Home Project Phase III. Fresno County has determined that the project will have no significant impact on the human environment, and consequently, will not require an environmental impact statement.

COMMENT BY: August 10, 2000

AGENCY: United States Fish & Wildlife Service

CONTACT: Patricia Foulk

TELEPHONE: (916) 414-6565

ADDRESS: Field Supervisor
Sacramento Fish & Wildlife Office
2800 Cottage Way, Room W-2605
Sacramento, CA 95825

DESCRIPTION:

On July 28, 2000, federal and state agencies proposed a plan to help recover the endangered riparian brush rabbit by reintroducing the rabbit to its native streamside habitat. The brush rabbit was once widely found along streams in the San Joaquin Valley, but is now limited to only two tiny populations in Caswell Memorial State Park. The agencies will hold an open house to present the plan and gather comments to help guide the preparation of an EIS/EIR on the proposed reintroduction. Based on public comments, preliminary project alternatives will be further refined and additional alternatives may be considered. The open house will be held on August 16 in the McFall Room of the Manteca Library, 320 West Center Street in Manteca.

COMMENT BY: August 28, 2000

AGENCY: U.S. Department of Housing and Urban Development

CONTACT: n/a

TELEPHONE: n/a

ADDRESS: HUD
P.O. Box 36003, 450 Golden Gate Ave.
San Francisco, CA 94102

DESCRIPTION:

On or about July 31, the City of South San Francisco will submit a request for the release of Community Development Block Grant (CDBG) funds to be used for the rehabilitation of the Boys and Girls Club. The activities proposed are categorically excluded under HUD regulations at 24 CFR Part 58 from the National Environmental Policy Act (NEPA). An Environmental Review Record (ERR) that documents the environmental determination for this project is on file at the Office of Economic and Community Development at the above address.

COMMENT BY: July 29, 2000

AGENCY: United States Department of Agriculture

CONTACT: Steve Uhles

TELEPHONE: (530) 242-2344, (530) 224-2158

ADDRESS: Forest Supervisor
Shasta-Trinity National Forest
2400 Washington Ave.
Redding, CA 96001

DESCRIPTION:

The Shasta-Trinity National Forest is proposing to designate approximately 285 miles of existing road as a portion of the California Backcountry Discovery Trail (CBDT). The proposed designation is consistent with the 1996 Statewide Motorized Trail Strategy to designate a California Backcountry Discovery Trail, which calls for a long-distance, motorized trail extending from Mexico to Oregon, and then to the Canadian border when fully implemented. The proposed route is located on existing roads that would be signed as part of the CBDT system when designated, and would be funded, maintained, and monitored in part by California's "Greensticker" program.

COMMENT BY: August 16, 2000

AGENCY: National Park Service, United States Department of the Interior

CONTACT: Richard H. Martin

TELEPHONE: n/a

ADDRESS: Superintendent
Death Valley National Park
P.O. Box 579
Death Valley, CA 92328

DESCRIPTION:

During recent public meetings for the Timbisha Shoshone Homeland draft legislative environmental impact statement (LEIS), concerns were voiced over a possible connection between the water supply for the community of Darwin and that proposed for the Centennial Flat parcel as well as over the adequacy of the groundwater supply for the parcel. Glen Harris, Natural Resource Specialist from the Bureau of Land Management, and Buck King, a State Certified Hydrologist, have prepared a technical report based upon existing data to address public interest regarding the transfer of the Centennial Flat parcel to the tribe. A public meeting to discuss the report's findings, other water issues, and any other comments regarding the draft LEIS will be held on Thursday, August 10, 2000, at 7:00 P.M. at the Boulder Creek Mobile Home Park, 2550 Hwy 395, in Lone Pine, California.

COMMENT BY: August 21, 2000

AGENCY: Bureau of Reclamation, United States Department of the Interior

ADDRESS: Bureau of Reclamation
Attention: BCOO-4600
P.O. Box 61470
Boulder City, NV 89006-1470

DESCRIPTION:

The following public hearings will be held to receive written or verbal comments on the Draft Environmental Impact Statement (DEIS) of Colorado River Interim Surplus Criteria:

- August 21, Big Bear Room, Doubletree Hotel, 222 N. Vineyard Ave., Ontario, CA, 7:00 p.m.
- August 22, Comfort Dental Conference Room, Las Vegas Chamber of Commerce, 3720 Howard Hughes Parkway, Las Vegas, NV, 7:00 p.m.
- August 23, Jazz Room, Salt Lake City International Airport, 765 Terminal Drive, Salt Lake City, UT, 7:00 p.m.
- August 24, Meeting Room 1 on Level 3, Terminal 4, Phoenix Sky Harbor Airport, Phoenix, AZ, 7:00 p.m.

COMMENT BY: September 8, 2000

AGENCY: Bureau of Reclamation, U.S. Department of the Interior

CONTACT: Judi Tapia

TELEPHONE: (559) 487-5179

ADDRESS: South-Central California Area Office
1243 N. Street
Fresno, California, 93721

DESCRIPTION:

The Bureau of Reclamation has released for public review and comment a draft Environmental Assessment (EA) for an eastside to westside 5 year programmatic water transfer and exchange. The proposed action is an approval of the annual exchange or transfer of water through an internal exchange of State Water Project water by the Kern County Water Agency. Upon completion of the public review period the Bureau of Reclamation may determine to make a Finding of No Significant Impact.

COMMENT BY: July 26, 2000

AGENCY: Bureau of Reclamation, U.S. Department of the Interior

CONTACT: Gregory Gartrell

TELEPHONE: (925) 688-8100

ADDRESS: Mid-Pacific Regional Office
2800 Cottage Way
Sacramento, CA 95825-1898

DESCRIPTION:

The Bureau of Reclamation and the Contra Costa Water District (CCWD) have released the FEIR/FEIS for the proposed Multi-Purpose Pipeline Project, which addresses potential environmental impacts resulting from implementing the project. CCWD is proposing to construct and operate a 20-mile pipeline project from Oakley to Concord that would carry treated water from the Randall-Bold Water Treatment Plant in Oakley to CCWD's Treated Water Service Area.

COMMENT BY: n/a

AGENCY: Sonoma County Community Development Commission

CONTACT: n/a

TELEPHONE: (707) 524-7500

ADDRESS: Sonoma County Community Development Commission
1440 Guerneville Road
Santa Rosa, CA 95403-4107

DESCRIPTION:

On or about July 25, 2000, the Sonoma County Community Development Commission (SCCDC) will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Community Development Block Grant (CDBG) funds to undertake the removal of architectural barriers and the rehabilitation and installation of earthquake resistant bracing systems at scattered sites in Sonoma County. The activities proposed are categorically excluded under HUD regulations from national environmental policy act requirements. An Environmental Review Record that documents the environmental determinations for these projects is on file at SCCDC.

<u>Documents Received on Monday, July 17, 2000</u>			
2000052043	1999.603E: 555 Mission Street San Francisco, City of San Francisco--San Francisco The proposed project would demolish all of the existing structures and would construct a 31-story office building with a total of 557,000 square feet of office space, and 8,000 square feet of retail space devoted primarily to food services, business services, and other neighborhood-serving incidental and support uses. About 150 underground parking spaces would be provided. The project would provide open space, consisting of a plaza adjacent to the building, totaling approximately 11,000 square feet. The plaza would include landscaping and seating areas. The plaza would also serve as a pedestrian connection between Minna and Mission Streets.	EIR	08/30/2000
1997121038	Miravale Partnership Hambey Property Soledad, City of SOLEDAD--MONTEREY The approximately 238-acre project site is located adjacent to the City of Soledad in the unincorporated area of the County of Monterey. The project site is contiguous to and north of the city. The project is proposed in two phases with the first phase on 102-acres and to include a vesting tentative map for 450-single family dwellings and a park, and will require annexation to the city. The second phase of development will occur on the remaining 136 acres and will require a sphere of influence amendment through the Monterey County LAFCo. The proposed land uses for this area include 412 single-family residential lots, 68 multi-family units, a park, a school site, and a 13.8-acre commercial site. At buildout, there are proposed to be 862 single-family dwellings, 68 multi-family dwellings and as much as 150,000 square feet of commercial space.	FIN	
1984030708	Sea World Master Plan San Diego, City of Mission Beach, Pacific Beach--San Diego Amendments to the Mission Bay Park Plan/Local Coastal Program Land Use Plan and the SeaWorld Master Plan to revise the height limit at SeaWorld from 30 to a maximum of 160 feet. The revised SeaWorld Master Plan shows locations within the theme park where taller structures could be developed; one of which is specified for development as a "splash-down" ride. The other locations could be developed with exhibits, rides or shows. Renovation of the front gate is also proposed. Other structures within the leasehold but outside the theme park exceeding 30 feet in height would include a hotel, an Educational Facility, Special Events Center and a parking structure. The project also includes expansion of the Perez Cove marina and would allow for additional future redevelopment throughout the leasehold via two different decision-making processes. The 189.4 acre site is located on SeaWorld Drive at the southern edge of Mission Bay Park.	NOP	08/16/2000
1994071020	Scripps Ranch Middle School San Diego Unified School District Acquisition of property and the construction and operation of a 1,800-student public middle school. Building coverage will range from 150,000 to 160,000 square feet and provide 65 classrooms within two-stories. Other facilities will include house support areas, building administration, physical education, library/media center, cafeteria/performance area, exploratory areas,	NOP	08/16/2000

2000041100	South Coast Plaza Town Center Draft Program EIR - 1047 Costa Mesa, City of Costa Mesa--Orange The Land Uses Element of the General Plan and the North Costa Mesa Specific Plan would be amended to include a new "Cultural Arts Center" designation that would encompass the 54-acre project site. Implementation of the SCPTC project would allow for development of an additional 1,109,445 square feet office, symphony hall, SCR expansion and art academy/museum uses. Project Implementation also includes the previously entitled 1,000 seat expansion of the OC Performing Arts Center, and a new location for a previously entitled 186 room hotel. Demolition of 159,225 square feet of several existing buildings is also proposed.	EIR	09/01/2000
1999112094	Potential Modifications of the Urban Limit Line, Contra Costa County GPA Study Contra Costa County --Contra Costa Pursuant to the California Environmental Quality Act, a Draft Environmental Impact Report (EIR) has been prepared for a potential amendment to the Contra County General Plan, 1995-2010, to modify or adjust the boundary of the County's Urban Limit Line. The Urban Limit Line, as referenced in the General Plan's Land Use and Open Space elements, establishes the outer limit for the unincorporated area of Contra Costa County in which urban development may be considered. The boundary modifications would occur in multiple locations in the County that are eligible for placement outside the Urban Limit Line according to criteria established under Measure C: The 65/35 Contra Costa County Land Preservation Plan Ordinance (1990). If implemented, the boundary modifications would place up to 15,000 acres in the area outside the Urban Limit Line for the duration of the current General Plan.	FIN

2000071096	<p>Proposed Government Reorganization/Annexation of Goleta Valley, Hope Ranch, Las Positas Valley, Northside Areas, and Mission Canyon to the City of Santa Barbara</p> <p>Santa Barbara, City of</p> <p>Santa Barbara--Santa Barbara</p> <p>The proposed project involves an application to the Santa Barbara County Local Agency Formation Commission (LAFCO) for the annexation to the City of Santa Barbara of approximately 20,944 acres located north and west of the existing City boundaries. The proposed annexation area is generally bounded to the north by the Los Padres National Forest Boundary, to the south by the Pacific Ocean, to the east by the City of Santa Barbara, and to the west by the eastern boundary of the Embarcadero Municipal Improvement District on the north side of U.S. 101 and the Urban Boundary Line on the south side of U.S. Highway 101. The proposed annexation is specifically intended to help achieve the long-term goals of the City and the areas to be annexed, including the promotion of an orderly, coordinated approach to planning throughout the South Coast, preservation of agriculture and open space, and amendments to the City Charter to provide a system of government representing the interests of the existing City and areas to be annexed. The City is proposing to adopt the existing Goleta Community Plan and other applicable County land use plans, policies, guidelines, and regulations for the proposed annexation area in their entirety (pre-zoning). No changes in land use designations, zone district, policies, guidelines, or development regulations from those currently imposed by the County of Santa Barbara are proposed as part of the annexation. Development potential would be the same as that currently allowed under the County jurisdiction for the project area until such time that the newly expanded city and newly elected city council adopt a new General Plan, Zoning Ordinance, and Charter amendments to regulate development for the annexed area.</p>	NOP	08/24/2000

<u>Documents Received on Thursday, July 27, 2000</u>			
2000072091	426 Alice Street Oakland, City of Oakland--Alameda The proposed project consists of 91 market-rate, for-sale housing units and 113 on-site parking spaces on a 30,600 square foot lot near Jack London Square. The total project square footage is approximately 181,600 with six floors of housing above two floors of parking, for height of approximately 85 feet. The unit size ranges from approximately 800 square feet to 1,700 square feet. The project is planned as a "u" shape around an interior landscaped courtyard plaza above the parking, and also includes a community multi-purpose room. The project will be made of concrete; other exterior materials include metal, glass and stucco with industrial type windows. The zoning designations for the site are C-45, Community Shopping Commercial and S-4, Design Review Combing Zone. The proposed residential use is consistent with the General Plan/Estuary Plan land use designation for the site, which is Waterfront Warehouse District. Construction of the proposed project may require obtainment of various zoning permits including a Conditional Use Permit, Design Review, and Subdivison Map.	NOP	08/25/2000
2000071104	Pool Sediment Tank California State University Trustees Long Beach--Los Angeles The project would involve the construction of an 18 foot tall pool sediment tank and the installation of approximately 465 linear feet of sanitary sewer drain line through Parking Lot 10 on the CSULB campus. 1999081091	Del Monte Center Cinema Monterey, City of Monterey--Monterey The applicant proposes to amend the Del Monte Center Master Plan to move the location of the third anchor to the eastern corner of the property, build a 16 theater complex (2,755 seats), and adjust an existing lot line. The lot line adjustment will result in approximately 22,000 square feet being added and subtracted from the Del Monte Center Master Plan; there will be no increase in site area to either parcel. The 22,000 square feet added to the Del Monte Center Master Plan area will require a General Plan amendment from Residential Low Density to Commercial and Zoning Amendment from R-1-15-D-1 to C-2-SC. The 22,000 square feet subtracted from the Del Monte Center Master Plan area will require a General Plan amendment from Commercial to Residential Low Density and Zoning Amendment from C-2-SC to R-1-15-D-1.	EIR	09/13/2000
2000041062	Ventura Community Park San Buenaventura, City of Ventura--Ventura Acquisition, entitlement and development of a major, multi-facility park to accomodate a wide variety of sports and recreation activities.	EIR	09/13/2000
1993013066	IKEA Retail Store East Palo Alto, City of East Palo Alto--San Mateo IKEA, a Swedish company, operates an international network of approximately 158 retail stores that feature furniture & home furnishings. There are 13 IKEA stores in the US, including one in northern California (Emeryville) and four in southern California. IKEA Property, Inc., proposes to construct an IKEA retail store on a site of approximately 10 acres in the City of East Palo Alto within the Gateway 101 Redevelopment Project Area. The relatively level site currently contains two apartment buildings, two single-family residences with units in the rear (a total of approximately 46 units) and remnant landscaping and mature trees from former site uses. Tenants living in the existing apartments will be offered relocation assistance, as required by law, through the Redevelopment Agency. The project would consist of 320,000 square foot store elevated above surface parking. Two levels of surface parking are proposed above the building. Approximately 2,040 parking spaces would be provided, with associated landscaping, circulation and and infrastructure improvements. The store would contain a main level mezzanine level, and would provide space for approximately 200,000 square feet of retail area, 75,00 square feet of warehousing area, 25,000 square feet of administrative area, 5,000 square feet of Cafe and restaurant area, and 150,000 square feet of support area. The rectilinear store building would be approximately 640 feet in length (i.e., in its north/south dimension), and 437 feet in width (i.e. in its east/west dimension). Overall height of the building is estimated at approximately 70 feet.	NOP	08/29/2000

2000072106	<p>KYCY Radio Transmitter Facility Project San Jose, City of San Jose--Santa Clara</p> <p>CBS/Infinity Broadcasting has applied for a general Plan Amendment (GP00-04-001) for the purpose of constructing a 50 kilowatt (KW) amplitude modulating (AM) transmitting antenna facility at the Newby Island Landfill. The station is for Radio KYCY 1550 AM currently operating at 10 KW from their current transmitter site near the City of San Mateo. The proposed transmitter station would comprise about 10 acres and would consist of a directional array of four 400 ft. tall guyed towers arranged in an L-pattern spaced between 160 ft. to 300 ft. apart, depending on the location of each tower within the array. There would be 120 guy wires radiating outward from each tower at three degree intervals for stabilization. The transmitter facility will also have a 1000 sq. ft. transmitter building to house the associated radio frequency (RF) equipment. A stand-by generator unit will also be required which may be a self-contained unit or attached to the transmitter building. At each tower, there will be a small equipment shelter 4 ft. x 6 ft. x 3 ft. to house a devise to tune the antenna. Each tower would receive the radio signal via a buried coaxial cable from transmitter building. Also, associated with each tower would be copper wires buried about six inches below the ground for operational purposes. The site would be unmanned except for</p>	NOP	08/29/2000

	periodic maintenance. FCC construction approvals for daytime and nighttime broadcasting from the Newby Island Landfill site have been approved. In addition, the Federal Aviation Administration (FAA) has approved construction of the towers at the landfill site. The towers would be painted and lighted in accordance with FAA Advisory Circular AC 70/7460, latest version.		
2000031041	US 101 Ramp Realignment Project Caltrans #7 Little Tokyo (subdivision)--Los Angeles The California Department of Transportation (Caltrans), District 7, is proposing to remove the existing southbound Hewitt Street ramps and construct a new offramp at Vignes Street. The project also proposes widening Commercial St. from Center St. to Hewitt St. to match the existing roadway. The proposed work will require the acquisition of right of way.	Neg	08/29/2000
2000062145	UCDNet2 University of California, Davis Davis--Yolo, Solano The University of California, Davis, proposes to construct and operate the UCDNet2 Project on the UC Davis campus. The project would extend the existing campus fiber optic infrastructure into areas of the campus which currently do not have access to existing services or where the level of service is inadequate for anticipated growth. These areas include: (1) the Research Park complex, (2) buildings and facilities in the West Campus, (3) buildings and facilities in the South Campus, and (4) a few facilities in the Central Campus. The project would include the construction of two 300-square foot equipment buildings. One structure would be on the West Campus approximately 20 feet north of the Pomology Headquarters on the east side of Hopkins Road. The second structure would be on the South Campus located approximately 1/4 mile south of Interstate 80 and approximately 50 feet west of Old Davis Road. The UCDNet2 project also includes underground installation of approximately 12 miles of new fiber optic cable conduit in the Central, West, and South Campuses through a combination of trenching and horizontal boring to place new conduits. At other locations, existing conduits will be used. The project also includes the installation of fiber optic cables within existing buildings including the construction and remodeling of telecommunications closets, as required, and the installation of network electronics. 2000071123	EASD 10-00; GPA 22, Map 100; ZC 44, Map 100; Exclusion Kern County Planning Department --Kern The purpose of the NR (Natural Resource) District is to designate lands that contain productive, or potentially productive petroleum, mineral or timber resources and to prevent the encroachment of incompatible uses onto such lands. Uses in the NR District are limited to resource exploration, production and transportation, and to compatible activities. Intent is to subdivide the project site into four, approximately 5-acre parcels for future oil field contractor storage yards and/or farm related services businesses. The property is not under a Williamson Act Land Use Contract and is currently planted in alfalfa. As proposed, water supply and sewage disposal would be by individual water wells and septic systems, respectively. Access would be via a 40-foot private road easement off of Enos Lane which is designated as an arterial alignment by the Circulation Element of the Western Rosedale Specific Plan.	Neg	08/29/2000
2000071124	Village Ranch, PLN 980664, Carmel Valley Investors, PLN 990386 Monterey County Planning & Building Inspection Carmel Valley--Monterey Village Ranch, PLN 980664, consists of a Combined Development permit to allow a Vesting Tentative Map to subdivide Parcel #1 (1000.46 acres) into four parcels of 103.46, 104.15, 109.62, and 126.65 acres each, and a remainder parcel of 556.41 acres. The application also includes a Use Permit to allow development on slopes in excess of 30% slope to allow improvements to existing off-site access road to meet County Fire regulations.	Neg	08/29/2000
2000071125	Name & Co. Number San Luis Obispo County Cayucos--San Luis Obispo The county of San Luis Obispo is proposing to repair a section of Old Creek Road that has been damaged by stream erosion along an unnamed tributary to Old Creek. The repair zone is approximately 120 feet long. The plan calls for installation of rock slope protection (RSP) along the creek bank, removal of a gravel bar from within the creek, and realignment of the creek channel. The work will be conducted during the dry season when flowing water in the stream channel is at the lowest. The project will be funded by local road maintenance funds. The project is located on Old Creek Road, approximately 3.87 miles east of Highway 1, east of the community of Cayucos, in San Luis Obispo County.	Neg	08/29/2000
